Finally, the FIAP Black and White Biennial could be held in India. In 2020, we had to cancel it due to the Covid pandemic. Fortunately, today we are on a new path to normality. It is an honor to present the catalog of the 36th FIAP Black and White Biennial. Organizing a FIAP Biennial is a great challenge for the organizers. The team in India has done it with a high level of professionalism and responsibility. My congratulations!  
In this edition, 44 countries from five continents have presented their collections,

confirming once again that the FIAP Black and White Biennial holds a very special interest. It is a source of inspiration for our art and our passion.

As a jury member, I have enjoyed seeing the excellent collections that have reached the top positions in the ranking, all with careful coherence. Biennial by Biennial, coherence is becoming more relevant, and this is very positive. I appreciate your participation and encourage you to continue submitting your photographs in future Biennials, maintaining this path of ascending quality.

I also want to thank the jury members, who, along with myself, have evaluated the large number of photographs received. Finally, I would like to reserve a special congratulation for the participants from France for winning the World Cup, as well as for those from Russia, who have been awarded the prestigious "Dr. M. Van de Wijer" Trophy. Luis Franke, MFIAP, EFIAP/d3, HonEFIAP  
Director of the Biennials Service

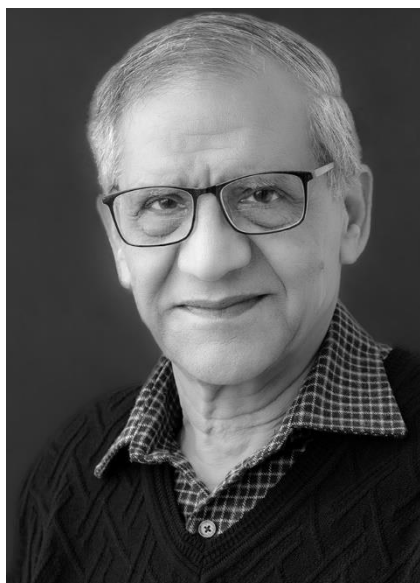

Enfin, la Biennale FIAP Noir et Blanc pu se tenir en Inde. En 2020 nous avons dû l'annuler en raison de la pandémie de Covid. Heureusement, nous sommes aujourd'hui sur un nouveau chemin vers la normalité. C'est un honneur de présenter le catalogue de la 36ème Biennale Noir et Blanc de la FIAP. Organiser une Biennale de la FIAP est un grand défi pour les organisateurs. L'équipe indienne l'a fait avec un haut niveau de professionnalisme et de responsabilité. Mes félicitations!

Cette édition a vu la participation de 44 pays provenant des cinq continents, ce qui confirme une fois de plus l'intérêt particulier que suscite la Biennale FIAP Noir et Blanc. Elle est une source d'inspiration pour notre art

et notre passion. En tant que membre du jury, j'ai eu le plaisir de voir d'excellentes collections atteindre les premières positions du classement, toutes marquées par une grande cohérence. Biennale après Biennale, la cohérence prend de plus en plus d'importance, ce qui est très positif. J'apprécie votre participation et vous encourage à continuer à présenter vos photographies lors des futures Biennales, en maintenant ce chemin de qualité ascendante.

Je tiens également à remercier les membres du jury qui, avec moi, ont évalué la grande quantité de photographies reçues. Enfin, je voudrais réserver une félicitation spéciale aux participants de la France pour avoir gagné la Coupe du Monde, ainsi qu'à ceux de la Russie, qui ont été récompensés par le prestigieux Trophée "Dr. M. Van de Wijer". Luis Franke, MFIAP, EFIAP/d3, HonEFIAP

President of Federation of Indian Photography

Black and White Photography is the *"Mother of Photography"*. Since its inception, the Black and White Photography has kept its Creators as also the Viewers under its magical spell almost hypnotised. The representation of human emotions, through Black & White Photography, like anguish, pain, love are spell binding and matchless. Despite there being only the Black and the White with various shades, a properly made Photograph shows all the seven colours of a Rainbow. Perhaps that's one principal reason why despite so much development in Photography the 'Black and White' is still extremely popular and occupies its pride of place.

Hosting the FIAP Event like this 36<sup>th</sup> FIAP Black and White Biennial 2024 is a matter of great honour and pride for the Federation of Indian Photography (FIP) and makes me feel very happy.

As President of the FIP, I profusely thank the FIAP Authority, its President Mr. Riccardo Busi, the Secretary General Mr. Ioannis Lykouris and also Mr. Luis Franke the Director of FIAP Biennial Service to accept the proposal of the FIP Secretary General Dr. Barun Kumar Sinha to hold the 36<sup>th</sup> FIAP Black and White Biennial in India a land of immense photographic opportunity.

La photographie noir et blanc est la « mère de la photographie ». Depuis sa création, la photographie noir et blanc a gardé ses créateurs ainsi que les spectateurs sous son charme magique presque hypnotisés. La représentation des émotions humaines, à travers la photographie en noir et blanc, comme l'angoisse, la douleur, l'amour, est envoûtante et incomparable. Bien qu'il n'y ait que du noir et du blanc avec différentes nuances, une photographie correctement réalisée montre les sept couleurs d'un arc-en-ciel. C'est peut-être l'une des principales raisons pour lesquelles, malgré tant de développement dans le domaine de la photographie, le « noir et blanc » reste extrêmement populaire et occupe une place de choix.

Accueillir un événement FIAP comme cette 36<sup>e</sup> Biennale FIAP noir et blanc 2024 est une question de grand honneur et de fierté pour la Fédération indienne de la photographie (FIP) et me rend très heureux. En tant que Président de la FIP, je remercie chaleureusement l'Autorité de la FIAP, son Président M. Riccardo Busi, le Secrétaire Général M. Ioannis Lykouris et également M. Luis Franke le Directeur du Service Biennal de la FIAP d'accepter la proposition du Secrétaire Général de la FIP Dr. Barun Kumar Sinha organisera la 36<sup>ème</sup> Biennale FIAP Noir et Blanc en Inde, une terre d'immenses opportunités photographiques.
